

\$1000 ACCESS Scholarship

Each year the Akron Council of Engineering and Scientific Societies (ACCESS)* awards a \$1000 scholarship to a deserving undergraduate student in Science or Technology at The University of Akron. Applications for this scholarship award are now being solicited.

Applicants should have completed at least 45 semester hours of course work toward a Bachelor's degree in Chemistry, Computer Science, Physics, or Engineering. The award will be applied toward the winner's tuition for the Fall 2006 and Spring 2007 semesters so applicants shouldn't expect to graduate before May 2007.

The winner will be selected based on GPA, field experience in the discipline, high-school science fair participation as an entrant or a judge, participation in student chapters of technical societies, other extra-curricular activities, career objectives, and financial need.

To apply for the ACCESS scholarship fill out an application form and return it to Dr. K. Liszka in the Dept. of Computer Science by **April 3, 2006**. Faculty support letters attached to the form will improve your chances. An application form can be printed from the Web at:

http://www.cs.uakron.edu/ACCESS_Scholarship_Application_Form_2006.htm

The ACCESS Education Committee will review the applications and select the winner. The award is in two parts: \$500 sent to the Bursar to be applied toward the winner's Fall 2006 tuition and then another \$500 to be applied toward his or her Spring 2007 tuition. The winner and a guest will also be invited to attend the ACCESS Honors and Awards Banquet to be held on November 2, 2006.

* - Members of **ACCESS** are the local chapters of the following technical societies: **ACM** - Association for Computing Machinery; **ACS** - American Chemical Society; **AIChE** - American Institute of Chemical Engineers; **ASCE** - American Society of Civil Engineers; **ASHRAE** - American Society of Heating, Refrigerating, & Air Conditioning Engineers; **ASME** - American Society of Mechanical Engineers; **ASSE** - American Society of Safety Engineers; **IEEE** - Institute of Electrical and Electronic Engineers; **NSPE** - National Society of Professional Engineers; **SME** - Society of Manufacturing Engineers; and **SPE** - Society of Plastics Engineers.
