Website Directions

This website has been designed to help you review information that you will need to know to complete the Dream House Project. You will work through each lesson at your own pace within given due dates.

How to complete the requirements of this website.
1. Complete each lesson in the navigation bar in order.
2. On each lesson page you will see three different sections:
   a. Introduction: This section will give you an overview of what you are expected to accomplish and know at the end of the lesson.
   b. Activities: These are the assignments you must complete before moving on to the next lesson.
   c. Resources: This section provides extra websites, videos, and information that will help you complete the required activities for the given lesson.
3. You will also complete a webquest at the end of the three lessons. When you have completed all three lessons visit the webquest page.
   a. Read the Introduction. This gives a brief overview of the project.
   b. Read the task page to find out what your are expected to accomplish.
   c. Go to the Process page to complete each activity that will help you create your final project.
   d. Review the Evaluation page to find out how you will be scored on this project.
4. Use the calendar to make sure that you are staying on track to complete each assignment.
